COAST NOTES

(Mendocino Beacon)

Three Little Children Suffer Painful Injury

Three children of Mendocino were victims of accidents Tuesday and Wednesday, and all suffered their injuries, which were fairly serious, through simple falls or play. Mary Escola, daughter of Mr. and Mrs. John Escola, who was with her mother in Ellison district, where the latter has charge of the school, fell on Tuesday on a sharp pointed stick and ruptured a blood vessel. Her father was summoned and taking her in his car, brought her to Mendocino to the home of her grandparents, Mr. and Mrs. Henry Flood, where the youngest daughter, Hazel, was staying. While preparing to take little Mary to the hospital for treatment, the other little tot of some four years fell from a couch in the Flood home and broke her arm. Both little girls were then hurried to the Redwood Coast hospital at Fort Bragg for treatment, where they are at present and said to be getting along very satisfactorily.

On the following day, Wednesday, little Johnnie Rodgers, son of Mr. and Mrs. John Rodgers, was engaged in a game of football with his playmates at the grammar school grounds. In a scrimmage, Johnnie found himself in a pileup of youngsters with a broken collar bone. He was taken by his parents to the Fort Bragg hospital, where the bones were set, and he then returned here. However, he won't be able to play football for some time to come.

Mrs. Dougherty Dies

ELK, Nov. 22.—Mrs. Mary Dougherty, who passed away in Fort Bragg Wednesday morning came to this coast with her husband, John Dougherty, over fifty years ago from Australia. They settled in the then thriving little town of Cuffeys Cove, where they lived and raised a large family. With the passing of Cuffeys Cove they moved to Greenwood, which was then just springing up, and she made her home there until about ten years ago when she moved to Fort Bragg with her daughters, her husband having preceded her to the grave about twenty-four years. She leaves to mourn her loss four daughters, Mrs. Mary Brandon, Mrs. Agnes Castner of Fort Bragg, Mrs. Kate Nelson of San Francisco and Mrs. Annie Furlong of Caspar, and one son, John P. Dougherty of this place. The funeral will take place Friday in the Cuffeys Cove cemetery.

Mill Shuts Down

The mill at Greenwood has been shut down all week, the weather having been so rough and kicked up such a high sea, it was impossible for the boats to dock and load lumber. They will start up again next Monday.

Flu Prevalent in Schools

On account of the prevelance of the flu in the coast towns, and especially among the pupils of the schools, attendance has been cut down nearly 50 per cent. At Greenwood this week, the school bus which normally conveys 30 pupils to the Mendocino high school only brought up seven. In the local high school on Thursday, 30 pupils were ill with the malady and unable to attend. It is hoped the peak of the disease has been reached and that attendance at the schools next week will be about normal again.

Bear Destroys Sheep

B. L. Elliott and his pack of varmint dogs went down to Clift Ridge the first of the week where bears have been causing more or less havoc among sheep recently. Quite a number of sheep have been spoiled by these animals and a number of bears have been killed in that ergion this year.

Death of Former Residents

Mrs. Rodney Phillips of Berkeley, passed away Saturday in that city, aged 78 years. Mrs. Phillips was a native of Maine but had lived the greater part of her life in this state, coming to California in her youth. She was a former resident of this coast, residing for many years at Greenwood, where her husband, the late Rodney Phillips, had charge of the woods at one time for the L. E. White Lumber Company, and later at Point Arena where he also managed the company's interests for several years. Mrs. Phillips was a niece of Henry Flood of this place and was well known to many Mendocino people. She visited here about two years ago.

She is survived by two daughters, Mrs. Agnes Davenport and Mrs. Julia Paige of Berkeley; and three sons, Arthur of Berkeley, Dr. Forrest Phillips of Palo Alto, and Rodney of Berkeley. She also leaves three sisters, Mrs. Allen McPhail, Mrs. Jas. Sutherland and Mrs. Frank Morse, all of Montana. The sympathy of many coast friends is extended to this family.

CASPAR, Nov. 23.—Tuesday the news was received here of the death of Mrs. Amanda Mahurin at her daughter's home in Berkeley. The body was brought to Fort Bragg and services were held at the Cannarr funeral parlors Wednesday. Interment took place at the Caspar cemetery, Rev. E. L. Spaulding officiating. The deceased was born in Missouri July 23, 1850 and passed away in Oakland November 19, 1928 at the age of 78 years. She has lived in California 55 years, and most of that time at Caspar where she has raised a large family.

Mrs. T. J. Josiin left this week for Sonora, where she will spend several months. Her son, Howard, has taken emploment there.

Indians in Fight; One in Co. Hospital

Two Indians, Joe and Warfield Mitchell, said to be brothers, engaged in a brotherly row at the Pinoleville rancheria near this place last Sunday evening. As a consequence of the affray Warfield is in the county hospital, suffering from a stab wound in his side, inflicted by means of a pair of rusty scissors, and Joe is in the county jail waiting to see what will happen.

It is stated that a piece of one scissors blade broke off in the wound, being subsequently removed by Dr. Rea.

The blade struck a rib and was deflected, which was lucky for both Indians, as, otherwise one might have been dead and the other facing a murder charge.

Miss Esther Burke Weds Last Saturday

SAN FRANCISCO, Nov. 27.—Miss Esther Frances Burke, charming daughter of Mr. and Mrs. Isaac Crayton Burke of Boonville, became the bride of Mr. Olen Myrl Akey at a beautiful wedding at the West Side Christian church, San Francisco, Saturday, November 24.

The color scheme of pink and green was carried out in the decoration of the church and altar. The lighting was with candelabra of the same shade.

During the gathering of two hundred friends who witnessed the ceremony Miss Flosita Badger sang several beautiful solos. Mr. Howard Dun at the organ, played selections from Lohengrin and Ganhausen.

Promptly at 8:00 o'clock, the bride preceded by Mrs. Mark Burke, as matron of honor, approached the altar on the arm of her father, where she was met by the groom and his attendant, Mr. Arthur Fonceca. The couple was united in marriage by the Rev. Hubert Shaw.

Mrs. Akey wore a French creation of white silk lace over white satin. Her bouquet was gardenias and lilies of the valley.

Mrs. Mark Burke was attired in shell pink tulle embroidered in seed pearls and rhinestones. She carried a bouquet of pink roses to match her gown.

Following the ceremony a reception was held at the home of the bride's aunt, Mrs. W. P. McFaul, 511 9th ave.

The wedding party was assisted in receiving the guests by Mrs. Isaac Crayton Burke, Mrs. Alice Green and Mrs. McFaul.

During the evening many called to extend best wishes and letters and telegrams of congratulation were read.

Mrs. Akey was born and reared in Ukiah and is a member of one of the old pioneer families of Mendocino county. She attended the University of California and is a member of the Sigma Phi Beta sorority. For the past two years she has held an important position as accountant for the Southern Pacific railroad.

Mr. Akey holds a B. A. and M. S. degree from Ohio State University and is a post graduate of Stanford and California. He was Professor of Mathematics at the University of Washington and belongs to the Delta Sigma Phi, Gamma Alpha, Sigma Xi fraternities. At present he is one of the consulting engineers of the Pacific Telephone Company.

After a tour of the south Mr. and Mrs. Akey will return to San Francisco, where they will make their home.

RETURNS FROM VISIT TO CUBA AND EAST

Mrs. Alice Green, well known in Ukiah as Miss Alice Edwards, has returned from an extended visit to Havana, Miami, Florida and New York City. She went by the way of Panama and returned overland. While in the east she was the guest of Miss Vivian Edwards, also of Ukiah. Miss Edwards holds a position as physical instructor for Elsie Arden, the beauty specialist of New York City.

Mrs. Green's return was the occasion of many social activities in her honor by friends in San Francisco.

She is thought to be insane and will probably be committed to the state hospital. The woman is about 80 years of age and has lived in that section for a great many years.

Better Gasolines as Result of Flying

LOS ANGELES, Nov. 29.—Motorists throughout America on this Thanksgiving day can give sincere thanks for the high perfection of their modern motor vehicles—for the quick get-away, speed, added economy and greater beauty of today's better car.

And motorists of the Pacific coast, in particular, can give thanks, too, for high compression fuels suitably fine for those fine new motors—gasolines which give speed, power and economy with elimination of knocking.

That the "Lindy loap" across the broad Atlantic may be credited for the big improvement in motor fuels, is the opinion expressed by officials of the Richfield Oil Company. Here's the way they figure it:

Colonel Lindbergh aroused interest in aviation. Immediately it became necessary to produce finer fuels for airplanes. Then it was discovered that those airplane-type engines were excellent in the new high-compression automobile engines. The result is that the gasoline offered the western motorist today—especially some of the better gasolines such as the speedway and airway-famous Richfield—are every whit as high powered as were the "aviation specials" of a few years back.

"Not many years ago, it will be remembered," commented a Richfield official, "the autoist used to bemoan the fact that the 'gold old day' of gasoline were gone. Recalling the high-test fluid sold for gasoline stoves in the pre-motor days, he wondered why gasoline should have become so much less volatile. He need not worry about that any more. Modern good gasoline, thanks to the cracking process of manufacture, is every whit as good, if not better, than the gas the grocer of 1905 sold in the red 5-gallon can stoppered with the omnipresent potato."

So, on the holiday, while giving thanks for good food for the human machine, motorists may well stop and speak a similar word of gratitude that mankind has been given the power to produce such excellent liquid food for motor cars.

May Place Signal at Asylum Crossing

The chamber of commerce has received a letter from President E. H. Maggard of the Northwestern Pacific railroad in which he states that the matter of danger signal at the Talmage highway crossing will be investigated at an early date. Since the packing sheds were built at that point a clear view of the railroad has been obscured and it is a wonder that a serious accident has thus far been avoided.

21,515 Deer Killed During 1928 Season

Total Exceeds That of '27. Siskiyou County Premier Hunting Ground, Mendocino Second

SAN FRANCISCO, Nov. 30.—The deer slayers of California hung up the hides of 21,515 deer during the 1928 season, according to information compiled from the duplicate deer tags by the Division of Fish and Game. This is 2,008 more than were accounted for by the rifle experts during the year of 1927, the first season when an accurate account was possible.

Siskiyou county leads with 1,654 this year. This county held the lead last year also. Mendocino was second. Hunters operating in this section killed 1,468 deer. Lake county was third with 1,308.

While San Francisco county, being entirely a metropolitan district, produced no deer, Los Angeles, which covers a huge area, furnished the big game devotees 368 bucks. In Sacramento county but two deer were killed. In Sutter and Kings counties three fell. Imperial furnished four while San Diego, the adjoining county, contributed 232 of the deer killed.

The figures show that residents of Los Angeles county killed 1,704 deer, while residents of Siskiyou, the county with the highest record, got 1,020.

The reports being compiled by the Division of Fish and Game will show many interesting things when completed, as area traveled, kind and size of deer killed and other important facts that are being gathered from the deer tags as fast as it is possible to put them together.

NOTICE

Notice is hereby given that the Board of Supervisors of Mendocino County, on the 15th day of November, 1928, by a four-fifths vote, of which all members had reasonable notice, did adopt and enter upon its minutes the following resolution:

"WHEREAS, the following claims have been filed against Mendocino County, with the clerk of this Board, to-wit: On October 4, 1928, the claim of Spott Electrical Company, in the sum of $492.60 for re-wiring the old court house, as per bill thereto attached; on October 1, 1928, the claim of A. Leitz Company in the sum of $155.00 for one Leitz Alidade No. 8651, 24"x31" drawing board and Johnson head tripod; on October 3, 1928, the claim of the State Compensation Insurance Fund, in the sum of $2,581.67, being the balance due said State Compensation Insurance Fund for premium on compensation insurance; and on September 19, 1928, the claim of Mendocino County Title Company, for report on title to lot of Mary Graves, in Pt. Arena, which was purchased by said Mendocino County, in the sum of $20.00; and on October 1, 1928, the claim of A. Leitz Company, in the sum of $39.60, for 1 12' stadia rod, No. 450, 1 block level rod, No. 421, and one extra target, No. 437, and

"WHEREAS, each and all of said claims constitute legal charges against the county, said county has received the value set forth in said claims, respectively, and they, and each of them, all should be paid, and must be paid, provided there is sufficient money in the proper funds, to pay them; and

"WHEREAS, there was no money budgeted in accordance with the provisions of Section 3714 of the Political Code, to pay any of said claims, saving and excepting that of the State Compensation Insurance Fund, and that there is only the sum of $1,551.22 available for the purpose of said claim, leaving a balance of $1,030.45 due thereon for which there is not sufficient money to pay, and

"WHEREAS, the incurring of the indebtedness represented in said claims and for which money was not budgeted as aforesaid, could not reasonably have been foreseen at the time of making the budget, and that, therefore, a public emergency has arisen, as is shown by the following facts: that said claim of the State Compensation Insurance Fund must be paid for the reason that if it is not paid, said county will be unable to procure further compensation insurance, which insurance is necessary to protect the county against possibility of great loss, and the amount of the claim in excess of the amount of money available to pay the same could not be foreseen for the reason that such charge is much higher than it has heretofore been, and the incurring of the indebtedness represented by the Spott Electrical Company claim was necessary for the reason that the old wiring in the old court house building was inadequate and dangerous and liable to cause the destruction of the entire county court house, including the new building, by fire, and the incurring of the two A. Lietz claims was necessary for the purpose of procuring supplies for the land classification work which, if not purchased, would cause the county considerable loss in time and labor, and the payment of the claim of the Mendocino County Title Company is necessary, in order that said county may procure similar services of said company thereafter, and that the estimated amount of money required to meet said emergency is in the sum of $1,737.05;

"THEREFORE, BE IT RESOLVED, that the payment of the aforesaid claims and each thereof, constitutes a public emergency, by reason of the facts hereinbefore set forth, and the estimated amount of money necessary to pay the same is the sum of $1,737.05, in accordance with chapter 435 and the statutes of the State of California for the year 1927."

NOTICE IS HEREBY FURTHER GIVEN that a public hearing on said resolution will be held at the chambers of the Board of Supervisors in the Mendocino County Court House, at Ukiah, Mendocino County, California, on the 11th day of December, 1928, at the hour of 4 o'clock P. M. at which time and place, any taxpayer may appear and be heard for or against the expenditure of said money for said emergency.

New Steel Over Mt. Being Laid Rapidly

S. P. to Put on Two Mountain Type Locomotives, to Help Trains Over, Is Report

Splendid progress is being made with the laying of 15 miles of heavy steel between Willits and Laughlin. An extra crew is doing the work and lives in special cars that are sidetracked at Ridgewood. After the heavy steel is laid and the roadbed is ballasted it is rumored that the Southern Pacific will transfer two of their smaller size mountain engines here and use them for helping the heavy trains over the hill. It now takes two helpers and two crews to do this work and with the large locomotives one engine and crew will do the same work.

The new Ford has a very simple and effective lubrication system

THE lubrication system for the engine of the new Ford is as simple in principle as water running down-hill.

A gear pump in the bottom of the oil pan raises the oil to the valve chamber reservoir. From here it flows on to the main crankshaft bearings and the front camshaft bearing. Overflow oil drops into the oil pan tray and runs into troughs through which the connecting rods pass.

As the ends of these rods strike the oil they scoop up a supply for the connecting rod bearing. At the same time they set up a fine spray that lubricates the pistons and other moving parts.

From the tray the oil runs into the bottom of the pan, and is again drawn up through a fine mesh screen and pumped to the valve chamber.

This system is so effective that the five-quart contents of the oil pan pass through the pump *twice* in every mile when you are traveling at only 30 miles an hour. Yet there is only one movable part — the oil pump.

As a matter of fact, the lubrication system for the new Ford is so simple in design and so carefully made that it requires practically no service attention.

There is just one thing for you to do, but it is a very important thing . . . *watch the oil!* Change the oil every 500 miles and be sure the indicator rod never registers below low (L).

If the oil level is allowed to fall below low, the supply becomes insufficient to oil all parts as they should be oiled.

To insure best performance it is also advisable to have the chassis of your car lubricated every 500 miles. This has been made easy in the new Ford through the use of the high pressure grease gun system.

Proper oiling and greasing mean so much to the life of your car that they should not be neglected or carelessly done.

See your Ford dealer regularly. He is especially well-fitted to lubricate the new Ford and he will do a good, thorough job at a fair price

ROUND VALLEY

COVELO, Nov. 26.—The next regular meeting of the Round valley farm center falls on the coming Monday, December 3. This is the night for the annual election of officers. There should also be some interesting reports from those who attended the Pacific Dairy Show in Oakland.

The Women's Improvement club will hold the next regular meeting on Saturday, December 1.

Bud Hamilton was up from the bay region this week for a visit with his mother, Mrs. S. E. Hamilton.

The junior class of the high school is planning a Thanksgiving party for Wednesday of this week. Invited guests will include the parents of members of the class, the faculty, and high school students. The juniors are taking great pains to insure the success of the party.

There will be Thanksgiving services at the Baptist church on Thursday evening, to which all members of the community are cordially invited.

W. W. Coke of the agricultural department of the high school, accompanied by Mrs. Coke, chaperoned a party of high school boys and girls to the Pacific Slope Dairy Show in Oakland last week. Two teams of four members were formed of those who stood highest in local judging, one team entering the stock judging, the other the dairy products contest. Miss Doris Hopper, having won the local milking contest, represented Covelo in that event and walked away with an easy victory in the national milkmaids' contest. Her record was 12 pounds of milk in three minutes. Her nearest competitor's was 9.6 and the lowest record was 4.3.

The eight boys making the trip were George Grist, George Caldwell, Joe Williamson, Cecil Williamson, Donald Conner, Leonard Henderson, Philip Rohrbough and Ted Goforth. They were entertained at the Boy Scout camp in North Oakland, Mr. Coke driving them back and forth each day. The boys had a fine time on the trip and gained much practical benefit. Mr. Coke was enthusiastic over the excellent conduct of the boys and the consequent pleasure of the trip. Howard S. Chappel, regional director of vocational education, who recently inspected the work here, was much pleased to find so large a representation from the Round valley high school, this being their first participation in such event.

The San Francisco Examiner of November 25 featured the story of the milking contest, with a double picture of Miss Hopper in action. Following is their story:

"Miss Doris Hopper, pretty 16-year-old high school girl of Covelo, Mendocino county, won the national milkmaids' contest against a field of eight competitors at the Pacific Slope Dairy Show here last night.

"Miss Hopper was a dark horse. She came to the show unheralded and unknown, and defeated two former champions, Miss Emma Handy of Marysville, who won the championship at the dairy show last year, and Miss Marie McGaugh of Pomona, who a month ago defeated nineteen fair milkers at the Los Angeles County Fair.

"Each girl milked for three minutes, the contestant drawing the largest number of pounds of milk winning the contest."

Worthy Matron Jane Bellatti gave a delightful tamale dinner to the officers who served with her for the past year on Friday evening at the Masonic hall. She was assisted by Mrs. Emma Rice, a recent initiate. The tables were arranged in the shape of a cross, the four arms radiating from a center square. The color scheme was in pink. Pink sweet peas adorned the place cards. A huge bowl of pink and white chrysanthemums formed the centerpiece, above which pink streamers ran to the table corners. Pink candles adorned the intervening spaces. Around the festive board the Star family gathered to enjoy the delicious tamales concocted by Mrs. Bruce Henderson for the occasion, and to felicitate the retiring matron on her successful year just drawing to a close.

W. W. Coke of the high school agricultural department received recently a shipment of avocado pears from his ranch in southern California. He has been distributing them generously among his friends here, most of whom have never seen this much-talked-of fruit. Mr. Coke has two avocado trees on his home place. He says that many acres are being planted in the south, as the fruit brings an average of near a dollar a pound.

A large crowd went out Saturday night from Covelo to the dance at the Ham camp. These affairs are proving quite popular.

The school band played Wednesday night for the show at the Owl theatre.

Mrs. Margaret Bigger, who spent the spring months in Covelo and the summer at Bellingham, Washington, convalescing from a serious illness, returned last week to Los Angeles. Her health is very much improved.

Mr. and Mrs. A. N. Moore extended hospitality on Friday evening to a score of guests at a lively pinochle party. Honor scores were won by Mrs. C. G. Fish and E. F. Rohrbough. Mrs. G. M. Biggar carried away the consolation prize. At the conclusion of the playing all enjoyed a delicious repast of coffee and cake. Those present were Mr. and Mrs. Moore, Mr. and Mrs. C. G. Fish, Mr. and Mrs. G. M. Biggar, Mr. and Mrs. L. E. Ruch, Mr. and Mrs. W. S. Osborne, Mr. and Mrs. B. L. Hurt, Mr. and Mrs. James Walter, Mr. and Mrs. E. F. Rohrbough, Mr. and Mrs. C. G. Hiatt, Mr. and Mrs. C. A. Riffe.

A consistent fall clean-up campaign is going on in the west end of town. Friday morning the high school turned out en masse, sweeping the new tennis court, erecting the posts for back stops, and raking the fallen leaves to the garden areas where they will be used as mulch for the winter. Indoors other students cleaned and polished desks and tidied things up generally. All the owners of adjoining homes have been busy clearing away the fallen leaves, and pruning and fertilizing their grounds for the coming season. One may note a growing pride in well kept premises.

A number of our residents went to Berkeley Saturday to witness the football game. Among them were Mr. and Mrs. J. D. Rohrbough, Beverley Rohrbough, W. W. Calhoon, Lester Skelley, Miss Helen Lamb, Miss Alice Hull and Miss Margaret Judge.

Mrs. Alta O'Ferrall and daughter, Trilby, are visiting relatives in San Rafael.

J. B. Bellatti spent two days last week in attendance at the Pacific Slope Dairy Show in Oakland. Mr. and Mrs. Truman Lowry and George Ure also went down for the show.

Miss Ruth Dunlap, Miss Audrey Short and Stanford Short will leave Wednesday for Island Mountain to spend the Thanksgiving vacation at the Philo Short home.

Emmet Spurlock was recently called from his position as teacher of agriculture in the Watsonville high school to take the office of assistant county farm advisor in Sacramento county. Mr. Spurlock graduated last June from the agricultural college at Corvallis, Oregon. He is a son of Mr. and Mrs. T. F. Spurlock of Round valley. His brother, Carl, has been for some years the farm advisor of Solano county.

Dr. and Mrs. Fred Carfagni and two small daughters, of San Francisco, will spend Thanksgiving vacation at the J. S. Rohrbough home.

Rev. W. E. Gray of the Baptist church is entertaining as a house guest his sister from Seattle.

Mr. and Mrs. Ira Cotten and daughter, Lois, of Marysville, are spending the week at the C. G. Hiatt home.

Mrs. E. O. White left for San Francisco Saturday for a visit with her daughter, Miss Lois White, who is a student at Stanford university.

Will Kelley is remodeling and cleaning up the Home Bakery this week preparatory to receiving a new tenant. Extension Telephone

When guests are in your home, the telephone rings . . . Dr. Whitcomb is wanted. He lays down his hand of bridge and goes to your telephone.

It is a professional conversation. Must he carry it on in the embarrassed hearing of all his fellow-guests? Or may he step to an *extension* telephone, in another part of the house?

An extension to the main telephone costs but a few cents a day.

FREAK COLLISION NEAR CALPELLA LAST TUESDAY

Clarence Roundtree and a stranger from Santa Cruz had a serious automobile collision on the highway at Calpella Tuesday morning. They were driving in opposite directions and there was no excuse for the accident as the highway is about 80 feet wide at that place. According to report, Roundtree was driving a Dodge and going at about 15 miles an hour, and the stranger was driving a Willys-Knight and going about 40 an hour. Just as they were about to pass the stranger turned squarely in front of Roundtree, whose car struck the other in the center. Both cars were badly damaged but no one was hurt.

& Templeton. They dissolved in 1900 and Mr. Eversole remained in business alone until several years ago when he admitted his younger son, Edward, into partnership, the firm style being changed to J. W. Eversole & Son. In 1905 he built and occupied his own building at the corner of Smith and State streets, and has remained in that location ever since.

Mr. Eversole became a member of St. John's Methodist Episcopal church soon after coming to Ukiah and took a prominent part in the activities of the church. At the time of his death he was trustee and treasurer of the federated Methodist church.

He also served as president of the board of trustees of the Ukiah public library for the last eight years and held that post at the time of his death.

Fraternally he was a past master of Abell lodge No. 146, F. & A. M., a member of Ukiah chapter, No. 53, R. A. M., of Ukiah Commandery, No. 53, Knights Templar, of Aahmes temple, Mystic Shrine, past noble grand of Ukiah lodge of Odd Fellows, member of Ukiah camp, Woodmen of the World, and a member of Santa Rosa lodge of Elks.

Funeral services were held yesterday afternoon at the Masonic temple under the auspices of Abell lodge, F. & A. M., Rev. Rexroad of the Methodist church assisting in the services. Music was furnished by a quartette composed of Dr. Rob Thomas, P. H. Joseph, Ewert Mitchell and Attorney Will Van Dyke, Mrs. Lillian Thomas acting as accompanist. Pall bearers were Dr. J. H. Hansen, Dr. L. K. Van Allen, Dr. F. C. McCloskey, J. M. Sanford, J. A. Jamison and Attorney J. R. Thomas.

A guard of honor consisting of Wm. Bromley, Senator Fred Handy, Sheriff R. R. Byrnes, Walter Sandelin, E. J. James, B. L. Cleland and R. O. Foster was furnished by the Knights Templar.

Ukiah business houses remained closed during the services yesterday.

Following the ceremonies the remains were escorted to the chapel where they will lay until this morning.

This morning they are being taken to Mount Olivet at San Francisco, where incineration will take place at 11:30. A number of Masons, including the guard of honor, will accompany them and services will be held at the crematory. Rev. Beecher B. Connor, of Oakland, formerly pastor of the Ukiah federated Methodist church, will assist with the services there.

Funeral arrangements were in charge of Fred Young, Healdsburg undertaker, a close personal friend of the deceased. Young's uncle, the late Ted Young, was in the employ of the Eversole firm for a number of years.

Mr. Eversole leaves besides his widow, two sons, Keith and Edward, of Ukiah; a daughter, Mrs. A. E. Gustafson, of Oakland; four grandchildren, Stewart, Valberta and Walter Eversole and Thora Gustafson; a sister, Mrs. B. B. Williams, of Milwaukee, Wis.; and a brother, W. M. Eversole, of Mitchell, Indiana.

"By their works shall ye know them." J. W. Eversole was one of Ukiah's best men—a Christian who not only professed but lived his Christianity, a citizen who was always in the forefront of civic progress, a man honest and upright in his dealings with his fellow-man, a kind and loving husband and father. He will be sadly missed not only by his family but by the entire community and his death leaves a void in the life of our city that no one else can fill.

Gibson Clarifies

(Continued from page 1)

I might say, furthermore, that I have communicated with the Fish and Game Commission and have given them my views. I am advised by such commission that they agree with my interpretation of the law and that no arrests would hereafter be made by deputy commissioners, or officers, except where more than two fish per day are caught by one person.

In addition to the foregoing, of course, it is unlawful for any person to take any salmon or other game fish in District 2 at night. This latter provision, however, does not prevail in District 2½.

The above interpretation of the law will continue until the legislature makes changes therein in the spring of 1929.

Trusting that this may help to clarify the situation, I am

Very truly yours,
LILBURN GIBSON,
District Attorney of Mendocino Co.

MART SLOPER HURT

Martin Sloper, employed in a local planing mill, was struck in the arm by a piece of broken scantling last week and a nasty wound was made by the jagged end. Most of the splinters were removed by Dr. Van Allen, after which Sloper went to a San Francisco hospital for further treatment and the removal of the remainder of the particles of wood. He was able to return home for Thanksgiving.

Mrs. Ruth Fuller, of Fort Bragg, member of the county probation committee, was in Ukiah the first of the week.

Hunters Luckier on Familiar Territory

Figures Compiled by Fish and Game Commission Show Resident Hunters More Successful

SAN FRANCISCO, Nov. 28.—Facts and figures gathered from the deer tags turned in by hunters to the Division of Fish and Game for the season recently closed clearly prove that a man must have a better chance to kill a deer in his own county than an outside seeker of big game.

A careful analysis of the residence of of the hunters who killed deer this year and the place where the buck fell, shows that a man is much more efficient when working in his own territory.

There are exceptions to this in a few counties only, but in the counties where heavy kills were recorded the "home boys" got the meat.

In Siskiyou county, where a grand total of 1,684 deer tops the list for the state, residents of the county got 983. While Los Angeles hunters got the most deer during the season, a total of 1,704, of the 369 killed in that county 320 were brought down by those who claim Los Angeles county as their home.

Alpine is an exception, but the Alpine county hunters got 12 of the 66 deer killed. However, the local lads fell down in Mono county, getting only 23 of the 552 deer killed.

Of the 263 killed in Alameda county, residents were responsible for 197, while in San Diego the hunters in the southern boundary county got 190 of the 232 that were checked out this year.

Residents of Del Norte county killed 54 deer. Despite the fact that only 48 were killed in the county the local boys got 45 of these, which shows considerable prowess in the seeking of big game.

Net Fisherman Fined $100.00 at Fort Bragg

Phil Rosell, well known Noyo fisherman, was arrested last Wednesday morning by Deputy Game Warden Ovid Holmes and charged with the unlawful use of a net in his fishing operations. The officer had discovered the net across the river at a point several hundred feet up the stream from Rosell's house, about 11:00 o'clock Tuesday evening. He laid in wait till 4:30 the next morning, when "Little" Phil, as he is sometimes called, approached the spot and began to pull in his haul. The game warden waited until he had secured his catch, nine salmon in all, and then placed him under arrest.

Rosell appeared before Justice of the Peace Golden, who fined him $100.00 and ordered the net confiscated.—Advocate.
